

## This Love is Not Romantic

You're not allowed to tell me you love me  
And then just up and walk of out the door  
I really cannot believe what you did  
You built me up just to break me down what  
is that all about. I gave you my heart  
And that was my biggest mistake of all

You gave me nothing, I gave it all  
I was told thou were suppose to love me  
Don't leave without you giving me back my heart  
If you do alarms'll go off at the door  
I'm not exactly sure how or what  
I'm suppose to feel after what you did

Is something wrong with me? Something I did?  
I'm sorry I tried to do it all  
Is there a way you'll love me? Tell me what.  
How can I get you to care about me?  
There is no way I'll let you close the door  
When you are still holding my broken heart

I suppose I don't really need a heart  
I am completely over what you did  
How about you go slam and lock that door  
Because I do not care one bit at all  
I am just doing what is best for me  
How do you feel about all of that? And what

do you have to say to me? What is it?  
So you want to break my heart?  
Good luck finding one in me.  
I do not care what you do or what you did  
I am over it all  
There is no longer a door

There is no chance of you going back. The door  
Is sealed and what  
Do I mean? I'm done with all  
Of you. Who needs a heart  
When you do all the beating. Live up to what you did  
You don't deserve me

But after this all, I'll never close the door  
You'll have me under your spell no matter what  
You didn't have a heart, but I sure did
